### 3. Annual improvement in academic, research and administrative initiatives

One day district level workshop and seminars are organized under the Shodh and Samanvay Prakosth.

#### 11. Events and initiatives

- Study trips are organized by the Geology department on 19-20 March 2016 at Chittodgarh (raj.), Nayagaon and Bhagwanpura M.P. for saw and study of Geological rocks. In this study trips 10 students participated.

#### 12. Institutional Development plan

The College is committed to make teaching and learning “Student Centric” which makes the students to think, analyze, and be independent, original and creative. The admissions of students are strictly followed based on the rules and regulations set by the department of Higher Education, Government of MP. The admission process is transparent. The college admits students of different backgrounds -rich and poor, urban and rural, Minority and differently able students. Special considerations are given to the financially weak and disadvantaged students through fee concessions/scholarships. Infrastructural facilities like ramp at the main entrance of the building, wheel chairs are provided to the physically challenged students. Learning methods encourage students’ participation through participation in class seminars, group presentations, field works, study tours, project work, publishing, entrepreneurial training. Teaching innovations like group discussions role-plays, an English Language Lab and a studio has been set up for the benefit of the students and the modern teaching methods using Wi-Fi broadband internet, INFLIBNET, facilities make the learning process more students centred. Students are also provided with library resources, the College library has more than **2,50,000** books, journals, periodicals and newspapers, which is complemented by the department libraries to achieve qualitative improvement in teaching learning process. The faculty is highly experienced and committed. The College ensures theThe faculty is highly experienced and committed. The College ensures the expertise of staff and helps the faculty to develop continuously. The College follows the government policy of the self-appraisal method to evaluate the performance of faculty, which is used for correcting the lacks. The academic progress of the students is monitored through Continuous Internal assessment in its various components. Identification of slow and advanced learners is made by the faculty during classroom interactions, extra classes are arranged for slow and differently- able learners. Advanced learners are encouraged to participate and organize class seminars .Extension lectures by academic scholars are offered to the students. The Management ensures effective and efficient transaction of the teaching learning process by: A) Recruiting highly qualified and competent teaching faculty B) Promoting professional development of faculty by providing support

- I. to undergo refresher courses
- II. to equip themselves in modern pedagogical tools
- III. to pursue doctoral programmes (from 2004-2009) 12 teachers have received Ph.D degrees and 10 have registered themselves for doctoral programmes)
- IV. to attend and organize National and International Seminars
- V. by replacing faculty proceeding on leave with substitute teachers to ensure teaching-learning process is unaffected C) Providing State-of-the-Art infrastructure conducive to intellectual growth and all-round personality development

#### Alumni Profile

Alumni list: - The college alumni association was formed during NAAC cycle 1 visit in 2007. Over the years, members of the association are invited by the institution on various occasions like annual functions, national Seminars, Conferences, Lectures of eminent academic.

### 14. Innovations and best practice

The institution takes due care to maintain the campus eco-friendly. All necessary measures and precautions are taken to avoid/reduce adverse effects of plastic, carbon and chemical emissions on the campus. Campus is declared tobacco free area by displaying hoardings at key points and outside vehicles are not allowed in the play ground to reduce the carbon emission. Central parking area is separated from the campus by barricades. No private vehicle is allowed into the campus.

The following initiatives have been taken to make the campuses eco-friendly-

#### 1. Energy conservation:

Use of electricity is regulated in the campus. Only labs and library receive power supply after class hours.

#### For reducing energy consumption:

- Class rooms are well ventilated.
- Tube lights are replaced by CFL
- Re-electrification is done recently to remove the age old electrical wiring.
- Numbers of electrical points are brought down to as minimum as possible.
- Staff and students advised to put off the fans and light switches when not in use.

- At least one tube light in each room is replaced by CFL for better energy utilization and students and staff advised to put on CFL for the illumination and use tube lights as and when necessary.
- CRT monitors are replaced with LCD/LED monitors to reduce radiation and power consumption. All the electronic equipments are put off after working hours. Computers are either switched off or kept in sleep mode when they are not in use.

## **2. Use of Renewable Energy:**

Solar panel has been installed to use solar energy for a part of college which is expected to cover entire college building in future to save electricity and make pollution free environment of college campus.

## **3. Water Harvesting:**

Roof water harvesting system is under consideration to cover all the old and newly constructed buildings of the campus.

## **4. Check Dam construction:**

NA / A trench has been dug around the playground of the campus for better harvesting of the rain water which is duly connected to the 'Teilya Talab' which is a major source for the improving water table of Mandsaur

## **5. Efforts for Carbon neutrality:**

Implementation of clean and green concept, use of eco friendly generators, practice of **No Vehicles in the campus** and plantations and flower pots in corridors contribute to carbon neutrality in the campus.

## **6. Plantation:**

The college campus looks green and beautiful because of the garden maintained within campus. The garden is covered with stone lime pathways with benches for relaxing. The garden is watered regularly.

The whole college looks fresh and greenish due to the plantation programmes of NSS and NCC. They used to plant saplings wherever possible. If a visitor or a Chief Guest comes officially to the college, he plants a sapling in the presence of faculty and students. NSS and NCC camps are organized in and around the city to promote the plantations and environmental awareness among the locals. Plantation drives are launched each year (mostly during the Monsoon season) by the institution with the help of NSS and NCC. Main college campus is having two well maintained gardens. One at the entrance and second one is at computer department, look beautiful with green pastures and beautiful flowering plants and shaded trees. Apart from these gardens in and around the campus there are so many trees showing good growth. Across the road Bio Block is maintaining one botanical garden which is accommodating approximately more than 200 trees, shrubs, creepers and herbs belonging to 40 families and of academics and medicinal importance. Departmental garden is having about 100 trees and shrubs of academics interest and serves the practical material support to the students. It also reduces the burden on college exchequer to bought study material. Apart from these green pastures most of the departmental corridors are beautified with crotons, cacti and other shaded plants in flower pots to serve beautification. Green belt has been developed on two sides of the playground of the college.

## **7. Hazardous Waste Management:**

As such there is no hazardous waste generated on the campus excepting gaseous emissions during chemistry experiments. Exhaust fans are used in Chemistry, Biotechnology and Pharmaceutical chemistry Laboratories for such purpose.

## **8. E-Waste Management:**

After the lifetime of the computers some of the e-wastes from electronic gadgets and their accessories are utilized as specimen models in the e-labs and the left over are sold to recyclers/vendors. The discharged batteries of the UPS are given away while buying new batteries. Printer cartridges are recycled.

## **9. Any Other:**

The members of the staff act as role models to inspire the students and maintain the campus clean and green. A committee has been formed to look after the cleanliness of college and to take necessary action to keep campus clean.

Un used white pages from the submitted practical records are separated and used for the class notes and other rough work in order to save the resources this practice is also infused into students.

Practical record and CCE assignments are kept for one education year later they disposed off to recycler.

PG level students are advised to present the seminar and group discussions under CCE assignment in order to reduce paper use.

### **1. Innovations that created a positive impact on the functioning of the institution**

- Extensive use of Internet facility by faculty at campus supports them to teach better and to solve the subject related problems at once.
- Virtual Class room have been used to assist in teaching learning processes.
- Establishment of Help centre to provide admission and exam related support to the students
- Providing canteen facility to save the time spent by the staff outside college for the sake of tea and snacks
- Construction of Day Care Centre
- Construction of separate Management studies and commerce Block
- Construction of lab for Pharmaceutical Chemistry
- Construction of Biotechnology Lab.
- Establishment of Shodh Prakosht
- Genuinely following all the government schemes to support students, like:
  1. Gaon ki beti yojna
  2. Convince allowance to village girl- students
  3. Pratibha Kiran yojna
  4. Vikramaditya yojna
  5. Aawas yojna
  6. Merit Scholarship
- Separate library for the SC and ST students for their academically support Free stationary and books to socially backward classes as per rules
- Supporting students from the rural areas
  1. Gaon kibeti yojna
  2. Convince allowance to village girl- students

### 3. Pratibha Kiran yojna

- Successful Grievance Redressal System :- CM Help Line.
- Proposed Smart mobile phone scheme is ready to implement to all college students.
- CCTV Cameras have been installed at certain key points to maintain discipline and to help better administration of the college.

### 2. Integrated system of teacher learning and evaluation:

To cater to the diversified needs of the students that are admitted from different strata and backgrounds, a careful teaching learning process consisting of remedial classes, re-orientation programmes have been evolved to enable the students gain knowledge and skills have positive impact on academic functioning of the institution.

### 3. Faculty Improvement and Support to Departments:

- 1) Young faculty is deputed to Refresher courses /Orientation programmes.
- 2) Faculty is encouraged to organize workshops, conferences, and seminars.
- 3) Faculty is deputed to attend and present papers in national, international seminars/conferences/workshops
- 4) Faculty is encouraged to submit research projects. This has been resulted in Major Projects and Minor Projects from UGC.
- 5) Grants sabbatical leave / special leave for academic/ research work

### 4. Imparting value based education: campus

Impart value based education to the students through seminars/regular lectures/campaigns to mould them into responsible citizens.

### 5. Innovative strategies in governance and leadership :

The College management believes in collective responsibility and involves all the members of the staff in decision making and institution building. This has resulted in a sense of reasonability among the members of the staff.

### 6. Enhancement of Employability:

The concept of finishing school and the introduction of career oriented programmes have contributed to the continuous skill development of students enhancing their employability.

### 7. Functioning of the College.

### Format for presentation of Best Practices

The following are two of the best practices of the College that have contributed to better academic and administrative functioning of the College.

## 15. SWOC Analysis

### SWOC analysis of the institution and Future plans:

#### Strengths

- Experienced, highly qualified, competent and dedicated teachers.
- Student- oriented teaching-learning and unconditional care with human touch.
- A systematic approach to teaching plan according to the academic calendar from Department of Higher Education, Government of MP.

- Prominent and leading scholars are invited to share their knowledge, experiences with our students and faculty.

### **Weaknesses**

- For Infrastructural maintenance and expansion.
- Lack of staff.
- Poor socio-economic background of the students is a constraint on the level of accessibility to various fields of higher education.
- Controlled and somewhat rigid Procedures to introduce new age
- programmes at UG and PG level due to permission from authorities
- And affiliation with the University.

### **Opportunities**

- To set up more professional/job oriented courses.
- Addition of more classrooms/study centers/theatre for performing as sufficient space is available for the same.
- To provide opportunities for the students and staff members to participate in various developmental programmes, seminars, workshops organized at District, State and National level by various Institutions and Universities.
- To set up smart classrooms.
- Facilities for providing more placement opportunities to Students.
- To set up language lab.

### **Challenges**

- To achieve academic excellence.
- To motivate the faculty and staff to gear up for the changing and progressive paradigms in Higher Education.
- Continuous and timely enhancement of infrastructure, proper maintenance, improving the quality of academic services, extension, research activities and student support programmes are a few of the challenges ahead.
- Collaboration with other institutes is needed for upliftment of the educational standards.
- Organize more faculty training programs to empower and enable the use of various innovative tools and technology for improved teaching and learning.

## **16. Looking ahead: future plans**

Renewing INFLIBNET facility, renovation of old college building. Optimum utilization of infrastructure funds is the aim of the administration. Complete automation of the administrative section and library, to complete the plan sports indoor stadium are the future plans of the college.

Hostels were under construction and no admission were given during 2016-17

### **Instructions**

- All data is to be reported as on 30<sup>th</sup> September of the current year.
- Postgraduate courses refer to courses at the Masters and MPhil level.
- The number of sanctioned seats is the number of students the college is authorized, by the UGC/DHE/affiliating University, to admit in the first year of its degree programs.
- The number of sanctioned faculty posts is the number of faculty the college is authorized, by the UGC/DHE/affiliating University, to recruit on a full-time basis.

- Enrolment is defined as the number of students who have paid their admission fees for joining a degree program by September 30 of the respective academic year.
- Admission is defined as the number of students who have paid their admission fees for joining a degree program, in the first year, by September 30 of the respective academic year and who have never been enrolled in that degree program previously.
- Other Reserved Categories include all categories of students (for e.g. sports quota, extracurricular quota, residents of Jammu and Kashmir etc.) for whom a fixed percentage of sanctioned seats are reserved.
- Examination results are to be reported for examinations held in the previous academic year, and the results for which were declared by 30<sup>th</sup> September of the current year.
- Allowed to keep terms refers to students who did not pass all subjects in the previous year but were allowed to transition to the next year of their respective degree programs.
- Regular faculty refers to faculty employed on open-ended, full-time contracts as per UGC norms.
- Contract faculty refers to faculty employed on fixed term, full-time contracts as per UGC norms.
- Guest Lecturers refers to faculty employed on a per lecture or per day basis as per UGC norms.
- Data on scholarships is to be reported on all scholarships awarded between 1<sup>st</sup> October of the previous year and 30<sup>th</sup> September of the current year.
- A hostel seat is considered occupied if a student has been allotted a seat in the hostel and the student, to whom the seat was allotted, has paid the hostel fee for the current academic year.
- Examination results refers to the average score obtained by a student, in the respective academic year, across all exams that are used to assess whether the student has met the requirement of the degree program in which he/she is enrolled.
- Student tracking refers to having up to date contact information (mobile phone and/or email address) and status (employment, unemployed, in formal education or training, not in the labour market/other) for each student for up to six from the end of the academic year when the student passed out (graduated).
- Externally funded research and consultancies refer to research and/or development funded through consultancy contracts or partnerships with a sponsor or purchaser who is external to the institution.
- A peer-reviewed journal is one that subjects an author's research to review and evaluation by others who are experts in the same field, before the research is published.
- An international journal is one that has an International Standard Serial Number (ISSN) issued by the ISSN International Centre.
- A paper is said to be published through cross-institute research collaboration if the primary affiliation of at least two authors is to different colleges/institutions.
- The institutional performance indicators common across all institutions can be found in the PIP. Institution-specific performance indicators can be found in the MOU signed between the Institution and the Department of Higher Education.
- The standard Chart of Accounts refers to the standard format for audit reports as notified by the Department of Higher Education through its orders.
