

Annual Report: 2016-17

This format outlines the annual reports to be published by all colleges participating in the Madhya Pradesh Higher Education Quality Improvement Project on their websites, by October 31st of each year. Part I is intended as a guide and colleges are free to alter the contents and format as they see fit. Part II, the Appendix (Institutional Performance Data and Financial Reports), is mandatory and colleges are required to report all data as per the attached format and instructions.

Part I

1. The Principal's Report (2 pages)

Highlights the key activities, events, and successes of the past year and briefly describes major new initiatives to be undertaken over the next year.

Govt. College Kalapipal started with a handful students in a local temple in 1989. At present it has a student community of about 733. Being a government college, we closely follow government's orders, circulars and guidelines. Therefore, we offer our pupils Gaon Ki Beti scholarship, Pratibha Kiran Yojana, Book Bank scheme, Awaas Yojana as incentives towards higher education.

Apart from these, we encourage the community service through NSS scheme. Over the last many years, about hundreds of local students have had first hand experience of community service through this scheme. It has helped them know their environment and various modes and methods of life prevalent in the rural peripheries. Sports too is an important area where our students have shown initiative and skill. Every year they participate in Volleyball (girls), Kabbadi and Cricket at different levels. District-level Kabbadi has been hosted by us for the last three years.

2. Overview (1 page)

Briefly introduces the college, its history and mission, courses offered, areas of focus etc.

Government College Kalapipal is located 65 kms from Bhopal at the Indore-Bhopal track of Western railway. It is affiliated to Vikram University, Ujjain, and is recognized by UGC. It came into existence in

1989 in an ancient temple in the village. Since then it has steadily progressed from a narrowly-cloistered bunch of local students to a spacious campus of about 4.18 hectare with more than 700 students in 2017. It now caters to a varied crowd of rural and semi-rural students in a radius of 20 kms. In the beginning it had only BA degree to offer, but in course of time Commerce and Science stream course were offered.

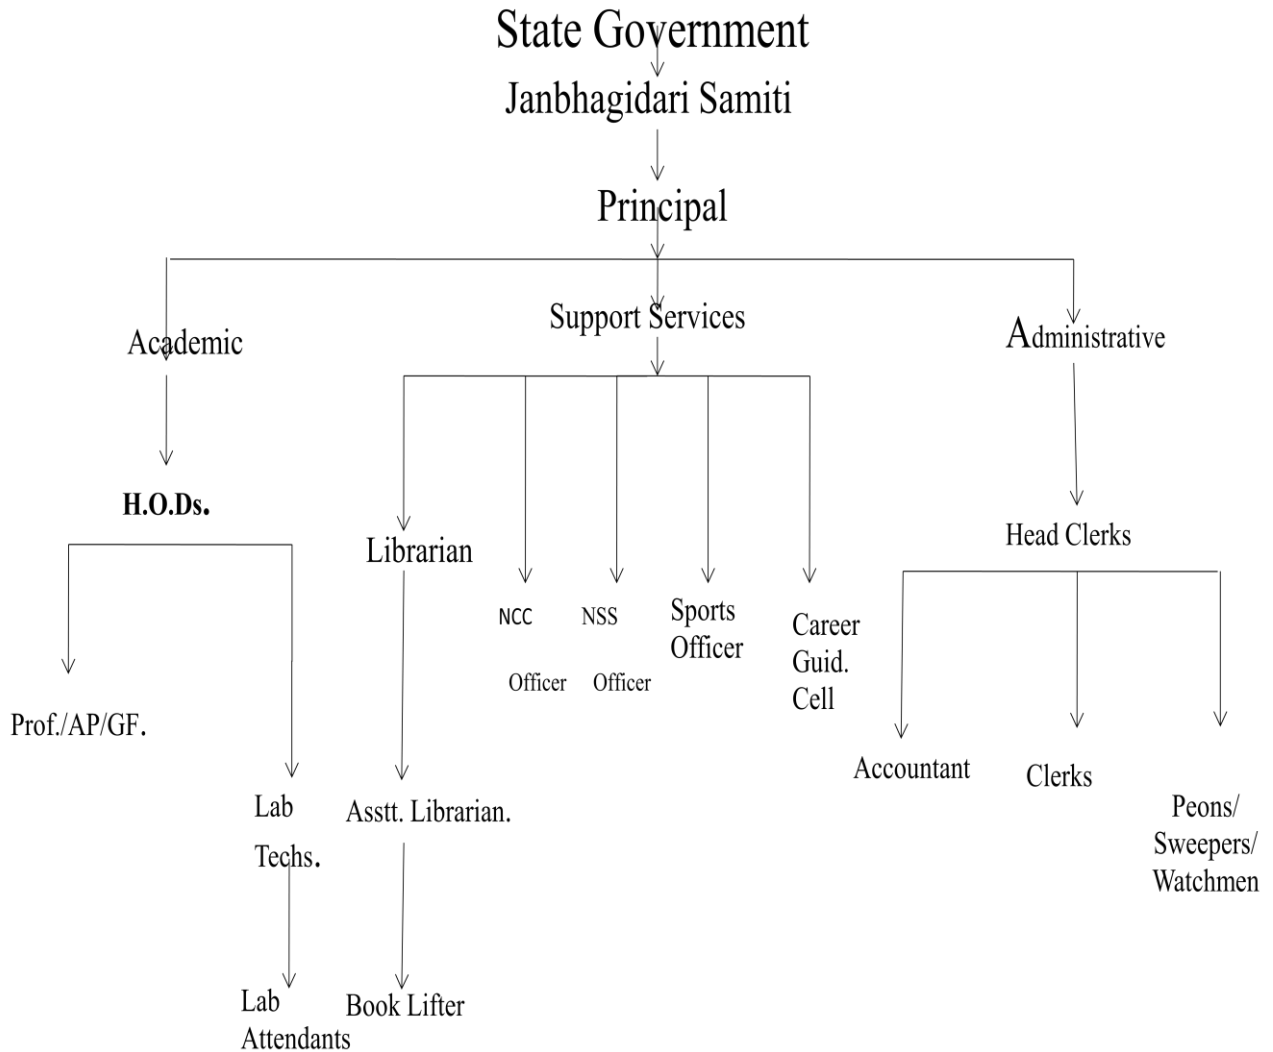

At present though the college is an undergraduate college in the main, it is the fastest growing institution which has the potential to play a sheet anchor role in the lives of youth in this region.
