Part I

- 1. The Principal's Report** - Highlights the key activities, events, and successes of the past year and briefly describes major new initiatives to be undertaken over the next year.

I joined the institute on 15 July 2015 and ever since then I did not look back and took up the journey of uplifting and upgrading the college at its academic and infrastructure level. Apart from the regular funds I was also able to generate funds from other sources and agencies to meet out the extra expenditure. I paved my way persistently to provide all sorts of amenities to the girl students flocking from the nearby tribal area.

College avails e-governance and administration. WIFI campus, college under surveillance of CCTV camera, ramp, library, well equipped science labs, Badminton, ground, gym, common room, clean toilets with adequate supply of water.

Apart from the regular units NSS, NCC, Personality development cell, under my guidance

“We are what we learn”.

Innovations in teaching and learning were introduced with a view to enhance the quality in education. 1 smart class were introduced to make the teaching easy and less time consuming unlike the conventional chalk duster method.

I focus on new ideas, new ways of thinking of understanding different perspectives and not on merely reading and regurgitating the material but to think critically. I want the progress of college linked to progress of society leading to future generations and therefore I focus on upgrading the library, a vital sub unit which integrates itself with overall education. For a high tech learning environment, master software, INFLIBNET, and e-resources were introduced yet I still have other advanced plans to be implemented in the near future as libraries have crucial role in the process of institutional accreditation.

Apart from substantial infrastructure and other amenities I want to create an atmosphere in the college where essentials of life are continually explored, felt and emphasized. It would be places in future where people come reconnect with their deepest selves, to re-experience their deepest feelings, to dissolve constricting patterns and to renew the kind of inner direction, vitality, joy and commitment that make life worthwhile.

New Initiatives taken by me –

- * To construct various garden i.e. botanical garden, Phool Udhyan, Sagon Udyan etc.
- * To open Judo karate, Fitness Centre, outdoor games through latest teaching methods.

- * To make higher education more relevant to social and economic needs.
- * To ensure the adequacy, maintenance and functioning of the support structure.
